CAREER OBJECTIVE:

always ready to prove myself through my work and responsibility. To establish me as an outstanding performer, discovering something new every day is one of my favorite parts of being a high-level programmer. I am energetic, hardworking, and sincere in any kind of activity, and I am also good at teamwork. My communication skills are sufficient to establish a positive relationship with another person.

TECHNICAL SKILLS:

❖ **Expertise**: React JS, JavaScript, Node JS, Express JS, MongoDB, firebase, React router dom,,React Hook Form,TanStack Query,Bootstrap5,Tailwind css,daisyUI,Flowbite,,Css3,Html5,Es6

❖ **Tools:** VS Code, Git, Chrome Developer Tool, and Windows.

EXTRA SKILLS:

❖Efficient in MS Word, MS PowerPoint And MS Excel

❖Basic Knowledge, of Photoshop And illustrator

MY PROJECT:

1.Reseller Website Old product Selling : **LIVE LINK** | **CLIENT** | **SERVER**

❖This is a website selling old products. Here, both buyers and sellers can buy and sell their products. And there will be an admin who can delete buyers and sellers. The dashboard is accessible to all three parties: buyers, sellers, and administrators. Who is the admin of the seller? The seller is shown on our dashboard by their email. A seller can add products if he wants to, delete products if he wants to, and show the products as one on the homepage if he wants to. He can see the products, and he can buy the products. The buyer can view his or her booked products on the dashboard.

❖ **Technology:**React JS, Node JS, Express JS, MongoDB, firebase, React-router-dom, React-hook-form, Bootstrap5,TanStack Query,jwt

2.**Travel Service Website: LIVE LINK** | **CLIENT** | **SERVER**

❖This is a travel services website.Some services are provided here and all details can be seen by clicking on the service.Here the review of each service can be added.Services can be added here and the added services can be seen on the services page.All the reviews that will be added here can be seen on the my review page.And you can delete the review if you want.

❖ **Technology :**React JS, Node JS, Express JS, MongoDB, firebase, React-router-dom,Tailwind css,daisyUI

2.Development Courses Website : **LIVE LINK** | **CLIENT** | **SERVER**

❖It is a course website. There are basically many courses, and the course details are given here. There's a button called "Details," and you can learn about the course by clicking on it. We can download a PDF file of those courses' details. Here there is an option called "check out," and after going there, we can see the check out and details.

❖ **Technology :**React JS, Node JS, Express JS, MongoDB, firebase, React-router-dom,Bootstrap5
